Brightspace D2L Essentials for Adult Learners

Slide 1.1

Title	Learning Objectives	Visuals	Content	Interactions	Audio
Introduction	Understand the purpose of the course and D2L navigation basics.	Course title graphic, D2L logo, welcoming image (e.g., student at computer). Clean, branded design with institutional colors to set a professional tone.	Welcome to Navigating Brightspace D2L! This course will guide you through logging in, accessing materials, and submitting assignments.	Click "Start" button to proceed to next slide.	Alex/Clyde: "Welcome! Let's learn how to navigate Brightspace D2L effectively.

Notes: Meet Alex, an adult learner who has not experienced online learning before. He has a smart and tech-savvy cat, Clyde, who will help him get comfortable in D2L. Clyde got his IT skills from napping on keyboards. Gain attention.

Slide 1.2

Logging In	Successfully log in to the D2L platform.	Screenshot of D2L login page with username/password fields.	Enter your (Alex's) username and password to log in to D2L.	Interactive simulation: • Base layer: User enters credentials. • Layer: "You're logged in!" (success feedback). • Layer: "Oops! Try entering the correct credentials." (error feedback). • Layer: Untitled Layer 3 (assumed secondary feedback or help).	"Let's practice logging in to D2L with these credentials"

Note: Interaction design includes immediate feedback layers to simulate real login scenarios.

Resetting Password	Reset a forgotten D2L password.	D2L password reset page screenshot.	Click 'Forgot Password' and enter Alex's/your username to reset your password.	Interactive sequence: • Base layer: Click "Forgot Password." • Layer: "2 Reset Psw" (enter username). • Layer: "3 Psw reset email sent" (confirmation). • Layer: "Oops! Try entering the correct username" (error feedback).	Alex: But what if I cannot remember my password? Let's reset it together.

Notes: Visual style uses D2L interface screenshots for authenticity; error layer reinforces correct input.
